

AREDS Bibliography

Manuscripts

Authored by The Age-Related Eye Disease Study Research Group [Full list is in *Arch Ophthalmol* 2004;122:716-726].

The Age-Related Eye Disease Study (AREDS): design implications. AREDS Report No. 1. *Controlled Clinical Trials*. 1999;20:573-600.

The Age-Related Eye Disease Study: a clinical trial of zinc and antioxidants—AREDS Report No 2. *J Nutr*. 2000;130:1516S-1519S.

Risk factors associated with age-related macular degeneration. A case-control study in the Age-Related Eye Disease Study: AREDS Report No. 3. *Ophthalmology*. 2000;107:2224-2232.

The Age-Related Eye Disease Study (AREDS) system for classifying cataracts from photographs: AREDS Report No. 4. *Am J Ophthalmol*. 2001;131:167-175.

Risk factors associated with age-related nuclear and cortical cataract. A case-control study in the Age-Related Eye Disease Study. AREDS Report No. 5. *Ophthalmology*. 2001;108:1400-1408.

The AREDS system for classifying age-related macular degeneration from stereoscopic color fundus photographs. AREDS Report No. 6. *American Journal of Ophthalmology*. 2001;132:668-681.

The effect of five-year zinc supplementation on serum zinc, serum cholesterol, and hematocrit. A randomized comparison in the Age-Related Eye Disease Study. AREDS Report No. 7. *Journal of Nutrition*. 2002;132:697-702.

A randomized, placebo-controlled, clinical trial of high-dose supplementation with vitamins C and E, beta carotene, and zinc for age-related macular degeneration and vision loss. AREDS Report No. 8. *Archives of Ophthalmology*. 2001;119:1417-1436.

A randomized, placebo-controlled, clinical trial of high-dose supplementation with vitamins C and E and beta carotene for age-related cataract and vision loss. AREDS Report No. 9. *Archives of Ophthalmology*. 2001;119:1439-1452.

Clemons TE, Chew EY, Bressler SB, McBee W for the AREDS Research Group. The National Eye Institute Visual Function Questionnaire in the Age-Related Eye Disease Study (AREDS). AREDS Report No. 10. *Archives of Ophthalmology*. 2003;121:211-217.

Potential public health impact of the Age-Related Eye Disease Study results. AREDS Report No. 11. *Archives of Ophthalmology*. 2003;121:1621-1624.

Impact of antioxidants, zinc, and copper on cognition in the elderly. A randomized, controlled trial. AREDS Report No. 12. *Neurology*. 2004;63:1705-1707.

Associations of mortality with ocular disorders and an intervention of high-dose antioxidants and zinc in the Age-Related Eye Disease Study. AREDS Report No. 13. *Archives of Ophthalmology*. 2004;122:716-726.

Responsiveness of the National Eye Institute Visual Function Questionnaire to Progression to Advanced Age-Related Macular Degeneration, Vision Loss, and Lens Opacity. AREDS Report No. 14. *Archives of Ophthalmology*. 2005;123:1207-1214.

Correlation analysis of the In-clinic and Telephone batteries from the AREDS Cognitive Function Ancillary Study. AREDS Report No. 15. *Ophthalmic Epidemiology*. 2005;12:271-277.

Cognitive Impairment in the Age-Related Eye Disease Study. AREDS Report No. 16. *Archives of Ophthalmology*. 2006;124:537-543.

The Age-Related Eye Disease Study severity scale for age-related macular degeneration. AREDS Report No. 17. *Archives of Ophthalmology*, 2005; 123:1484-1498.

A simplified severity scale for age-related macular degeneration. AREDS Report No. 18. *Archives of Ophthalmology*, 2005; 123:1570-1574.

Risk factors associated with the incidence of age-related macular degeneration in the Age-Related Eye Disease Study (AREDS). AREDS Report No. 19. *Ophthalmology*. 2005;112:533-539.

The Relationship of Dietary Lipid Intake and Age-Related Macular Degeneration in a Case-Control Study: AREDS Report No. 20, *Archives of Ophthalmology*. 2007;125:671-679.

Centrum use and progression of age-related cataract in the Age-Related Eye Disease Study (AREDS): a propensity score approach. AREDS Report No. 21. *Ophthalmology*. 2006;113:1264-1270.

The relationship of dietary carotenoid and vitamin A, E and C intake with age-related macular degeneration in a case-control study. AREDS Report No. 22. *Archives of Ophthalmology*. 2007;125(9):1225-1232.

Relationship of dietary omega-3 long-chain polyunsaturated fatty acid intake with incident age-related macular degeneration: AREDS Report No. 23. *Archives of Ophthalmology*. 2008;126(9):1274-1279.

Cataract classification using serial examinations in the Age-Related Eye Disease Study: AREDS Report No. 24. *American Journal of Ophthalmology*. 2008;145:504-508.

Risk of Advanced Age-Related Macular Degeneration after Cataract Surgery in the Age-Related Eye Disease Study. AREDS Report No. 25. *Ophthalmology*. 2009;116:297-303.

SanGiovanni JP, Agrón E, Clemons TE, Chew EY. Omega-3 long-chain polyunsaturated fatty acid intake inversely associated with 12-year progression to age-related macular degeneration. *Archives of Ophthalmology*. 2009;127(1):110-112.

Change in area of geographic atrophy in the Age-Related Eye Disease Study: AREDS Report No. 26. *Archives of Ophthalmology*. 2009;127(9):1168-1174.

Chew EY, Lindblad AS, Clemons T, Age-Related Eye Disease Study Research Group. Summary results and recommendations from the age-related eye disease study. *Archives of Ophthalmology* 2009;127(12):1678-9.

Forooghian F, Agrón E, Clemons TE, Ferris FL 3rd, Chew EY; AREDS Research Group. Visual acuity outcomes after cataract surgery in patients with age-related macular degeneration: AREDS Report No. 27. *Ophthalmology* 2009;116:2093-2100.

Cukras C, Agrón E, Klein ML, Ferris FL 3rd, Chew EY, Gensler G, Wong WT; Age-Related Eye Disease Study Research Group. Natural history of drusenoid pigment epithelial detachment in age-related macular degeneration: Age-Related Eye Disease Study Report No. 28. *Ophthalmology*. 2010 Mar;117(3):489-99. Epub 2010 Jan 15.

Cukras C, Agrón E, Clemons T, Ferris FL 3rd, Chew EY; Age-Related Eye Disease Study Research Group. Association of Statin Use with Age-Related Macular Degeneration. Age-Related Eye Disease Study Report No. 29 (*not yet published*).

San Giovanni JP, Agrón E, Meleth A, Reed G, Sperduto R, Clemons T and Chew E. ω -3 Long-chain polyunsaturated fatty acid intake and 12-y incidence of neovascular age-related macular degeneration and central geographic atrophy: AREDS Report 30, a prospective cohort study from the Age-Related Eye Disease Study. *American Journal of Clinical Nutrition* 2009;90:1601-1607.

Chew EY, Kim J, Sperduto RD, Datiles MB 3rd, Coleman HR, Thompson DJ, Milton RC, Clayton JA, Hubbard LD, Danis RP, Ferris FL 3rd. Evaluation of the Age-Related Eye Disease Study Clinical Lens Grading System AREDS Report No. 31. *Ophthalmology* 2010;Nov;117(11):2112-2119.e3. Epub 2010 Jun 18.

Chang J, Koo E, Agrón E, Hallak J, Clemons T, Azar D, Sperduto RD, Ferris FL 3rd, Chew EY; Age-Related Eye Disease Study Research Group. Risk Factors associated with incident cataracts and cataract surgery in the Age-Related Eye Disease Study (AREDS). AREDS Report No. 32. *Ophthalmology* 2011 Jun 17. [Epub ahead of print]

Koo E, Chang JR, Agrón E, Clemons T, Sperduto RD, Ferris FL 3rd, Chew EY; Age-Related Eye Disease Study Research Group. Ten-year incidence rates of age-related cataracts in the Age-Related Eye Disease Study (AREDS). AREDS Report No. 33. (*Not yet published*.)

Abstracts and Presentations

1997

Ansary SE, Armstrong JR, Osterby KR, Reimers JL, Badal DR, Geithman PL, Miner KD, King WN, Age-Related Eye Disease Study (AREDS) Research Group. Evaluation of cortical and PSC lens opacities from fundus camera reflex photographs. Abstract, *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, Florida, May 11-16, 1997.

Gensler GR, Lindblad AS (Age-Related Eye Disease Study (AREDS) Research Group). Evaluation of a two-phase enrollment design: experience of the Age-Related Eye Disease Study. Poster, *2nd Joint Meeting, Society for Clinical Trials and International Society for Clinical Biostatistics*, Boston, Massachusetts, July 6-10, 1997.

Magli YL, Klein BEK, Sperduto RD, Hubbard LD, Neider MW, King WN, Davis MD, Age-Related Eye Disease Study (AREDS) Research Group. Extension of the Wisconsin Lens Opacity Grading System. Abstract, *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 11-16, 1997.

Quality control of photographic grading, Poster, *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 11-16, 1997.

Lens photographic grading system, Poster, *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 11-16, 1997.

1998

Davis MD, Klein R, Magli YL, Ansary SE, Armstrong JR, Ferris FL, Hubbard LD, Neider MW, King WN for Age-Related Eye Disease Study (AREDS) Research Group. AREDS extension of the Wisconsin age-related maculopathy grading system. IOVS Abstract Book, March 15, 1998, Vol. 39, No. 4:2781--B638;S601.

AREDS extension of the Wisconsin age-related maculopathy grading system, Poster, *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, May 1998.

Kurini N, Gensler G, Milton R, Age-Related Eye Disease Study (AREDS) Research Group. Development and valuation of a food frequency questionnaire in a randomized trial of eye diseases, *International Conference on Dietary Assessment Measures*, May 1998.

1999

Gensler GR and the AREDS Research Group. Baseline nutritional status of AREDS participants, Poster, *Experimental Biology*, Apr 1999.

2000

Recruitment of married couples in AREDS, Poster, *Society for Clinical Trials*, Apr 2000.

Clemons T and the AREDS Research Group. The NEI Visual Functioning Questionnaire: experience of the AREDS, *Visual Functioning Assessment in Clinical and Observational Research*, Rockville, MD, Nov 2000.

2001

McBee WL and the AREDS Research Group. A program designed to provide and maintain training in a large long-term clinical trial. *Controlled Clinical Trials*, 22(2S), pp. 86S-87S. Poster, *22nd annual meeting of Society for Clinical Trials*, Denver, CO, May 2001.

Lindblad AS and the AREDS Research Group. Incorporating a cognitive function ancillary study in an ophthalmic clinical trial, Poster presented at the *22nd annual meeting of Society for Clinical Trials*, Denver, CO, May 2001.

Study Design and Baseline Characteristics, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Classification of Lens Outcomes, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Classification of AMD Outcomes, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Adverse Effects of Antioxidants and Zinc, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Effect of Antioxidants and Zinc on Cataract, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Effect of Antioxidants and Zinc on AMD, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Effect of Antioxidants and Zinc on Visual Acuity, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Vitamins and Mineral Supplements and Eye Disease, *American Academy of Ophthalmology Meeting*, New Orleans, LA, Nov 2001.

Seddon JM, Chew EY, Klein R, Clemons TE, and the Age-Related Eye Disease Study (AREDS) Research Group. Is cholesterol a risk factor for progression to advanced AMD? *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 5-10, 2002.

2002

Clemons TE, Lindblad AS, McBee WL, Hubbard LD, Klein ML, and the Age-Related Eye Disease Study (AREDS) Research Group. Cognitive function in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 5-10, 2002.

Cusick M, Chew EY, Clemons TE, Klein R, Klein BEK, Hubbard LD, and the Age-Related Eye Disease Study (AREDS) Research Group. Effect of antioxidant and zinc supplements on progression of diabetic retinopathy in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 5-10, 2002.

Lindblad AS, Clemons TE, Bressler SB, Chew EY, and the Age-Related Eye Disease Study (AREDS) Research Group. NEI-VFQ in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 5-10, 2002.

Martin DF, Gensler G, Klein BEK, Klein R, Chew EY and the Age-Related Eye Disease Study (AREDS) Research Group. The effect of cataract surgery on progression to advanced AMD.

Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO), Fort Lauderdale, FL, May 5-10, 2002.

Gensler G, Sperduto RD, Klein BEK, Klein R, Chew EY and the Age-Related Eye Disease Study (AREDS) Research Group. The seven-year incidence and progression of cataract in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO), Fort Lauderdale, FL, May 5-10, 2002.*

Chew EY, Davis MD, Seddon JM, Clemons TE, Hubbard LD, and Age-Related Eye Disease Study (AREDS) Research Group. The effect of antioxidant and zinc supplements on change in drusen size/area in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO), Fort Lauderdale, FL, May 5-10, 2002.*

Bressler NM, Friedman DS, Congdon NG, Seddon JM, Klein R, and the Age-Related Eye Disease Study AREDS Research Group. Public health impact of the Age-Related Eye Disease Study (AREDS) AMD Results. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO), Fort Lauderdale, FL, May 5-10, 2002.*

The Results of the Age-Related Eye Disease Study (AREDS), *European Association for Vision and Eye Research (EVER) Meeting, Alicante, Spain, Oct 2002.*

2003

Kurini N, Clemons TE and The Age-Related Eye Disease Study (AREDS) Research Group. Do antioxidants or zinc affect cognitive function in an older population? Poster, *The Fifth International Conference on Dietary Assessment Methods, Chiang Rai, Thailand, Feb 2003.*

The effect of cataract surgery on progression to advanced AMD. *17th Sarasota Vitreoretinal Update Course, Sarasota, FL, Feb 2003.*

Seddon JM, SanGiovanni JP, Chandra S, Klein M, Chew E, Kurini N, and the Age-Related Eye Disease Study Research Group. Dietary omega-3 long chain polyunsaturated fatty acids and risk for age-related macular degeneration. *Annual Meeting, Macula Society, Naples, FL, Feb 2003.*

Martin DF, Bressler NM, Bressler SB, Chandra S, Chew EY, Friberg TR, Klein R, Seddon JM, and the Age-Related Eye Disease Study Research Group. Risk factors for progression to advanced AMD. *Annual Meeting, Macula Society, Naples, FL, Feb 2003.*

Martin DF, Bressler NM, Bressler SB, Chew EY, Clemons TE, Klein R, Seddon JM, and Age-Related Eye Disease Study (AREDS) Research Group. Risk Factors for the Incidence of Advanced Age-Related Macular Degeneration in the Age-Related Eye Disease Study (AREDS). Poster, *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO), Fort Lauderdale, FL, May 4-9, 2003.*

Lindblad AS, Bressler NM, Bressler SB, Clemons TE, Klein R, and Age-Related Eye Disease Study (AREDS) Research Group. Responsiveness of the NEI-VFQ in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO), Fort Lauderdale, FL, May 4-9, 2003.*

Bressler S, Bressler NM, Chandra SR, Chew EY, Clemons TE, Klein R, Seddon JM, and Age-Related Eye Disease Study (AREDS) Research Group. Mortality in the Age-Related Eye Disease Study: Associations with Age-Related Macular Degeneration (AMD). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 4-9, 2003.

Davis MD, Gangnon RE, Hubbard LD, Lee LY, King WN, Bressler SB, Chew EY, Klein BEK, Klein R, and Age-Related Eye Disease Study (AREDS) Research Group. A Severity Scale for Age-Related Macular Degeneration (AMD). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 4-9, 2003.

SanGiovanni JP, Chandra SR, Chew EY, Friberg TR, Klein ML, Kurinij N, Seddon JM, and Age-Related Eye Disease Study (AREDS) Research Group. Dietary Omega-3 Long-chain Polyunsaturated Fatty Acids and Risk for Age-Related Macular Degeneration. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 4-9, 2003.

Clemons TE, Friberg TR, Kurinij N, Sperduto RD, and Age-Related Eye Disease Study (AREDS) Research Group. Mortality in the Age-Related Eye Disease Study: Associations with Lens Opacity and Cataract Surgery. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 4-9, 2003.

Clemons TE, Kurinij N and the Age-Related Eye Disease Study (AREDS) Research Group. Dietary intake of antioxidants or zinc versus high-dose supplements in a randomized clinical trial: associations with cognitive impairment. *Annual Meeting, Society for Clinical Trials*, London, UK, July 20-24, 2003.

Gensler GR and the Age-Related Eye Disease Study (AREDS) Research Group. Do they stay or do they go: characterizing long-term study follow-up in the Age-Related Eye Disease Study. Poster, *Annual Meeting, Society for Clinical Trials*, London, UK, July 20-24, 2003.

Lindblad AS and the Age-Related Eye Disease Study (AREDS) Research Group. Dietary intake studies, randomized trials of nutritional supplements, and resulting public impact. Poster, *Annual Meeting, Society for Clinical Trials*, London, UK, July 20-24, 2003.

Henning AK, Lindblad AS and the Age-Related Eye Disease Study (AREDS) Research Group. Quality control issues in a genetic repository -- the Age-Related Eye Disease Study experience. *Annual Meeting, Society for Clinical Trials*, London, UK, July 20-24, 2003.

McBee WL and the Age-Related Eye Disease Study (AREDS) Research Group. Not simply a matter of faulty memory: obstacles to implementing cognitive function ancillary studies in clinical trials with other primary outcomes. Poster, *Annual Meeting, Society for Clinical Trials*, London, UK, July 20-24, 2003.

Yaffe K, Clemons TE, McBee WL, Lindblad AS, Bressler SB. A randomized, controlled trial of antioxidants and zinc and the impact on cognition in the elderly: The AREDS ancillary trial. Poster, *American Neurological Association 128th Annual Meeting*, San Francisco, CA, Oct 2003.

AREDS Update I: The effect of cataract surgery on progression to advanced AMD. *American Academy of Ophthalmology Meeting*, Anaheim, CA, Nov 2003.

AREDS Update II: Mortality and Nutritional Risk Factors. *American Academy of Ophthalmology Meeting*, Anaheim, CA, Nov 2003.

2004

Bressler S, Bressler NM, Clemons T, Ferris FL, Milton RC, Klein R, Klein B, Age-Related Eye Disease Study (AREDS) Research Group. Ocular risk factors for developing neovascular AMD in the fellow eyes of patients with unilateral neovascular AMD. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, Apr 2004 and *22nd Annual Meeting of the American Society of Retina Specialists (ASRS)*, San Diego, CA, Aug 16-20, 2004.

SanGiovanni JP, Chew EY, Ferris FL, Kurinij N, Sperduto RD, Lindblad AS, Seddon JM, Klein BEK, Friberg TR, Age-Related Eye Disease Study (AREDS) Research Group. Dietary carotenoids and risk for age-related macular degeneration in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, Apr 2004 and *22nd Annual Meeting of the American Society of Retina Specialists (ASRS)*, San Diego, CA, Aug 16-20, 2004.

Klein ML, Armstrong JR, Hwang TS, Ferris FL, Chew EY, Gensler GR, Seddon JM, Bressler SB, Age-Related Eye Disease Study (AREDS) Research Group. Retinal risk factors and progression to geographic atrophy in Age-Related Macular Degeneration. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2005.

2006

Rosenthal JM, SanGiovanni JP, Agron E, Reed G, Chew E, Seddon J, Ferris F, Age-Related Eye Disease Study (AREDS) Research Group. A Dietary Antioxidant Index and Risk for Advanced Age-Related Macular Degeneration in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Bressler SB, Ferris FL, Milton RC, Gensler G, Harrington M, Kim J, Chew EY, Age-Related Eye Disease Study (AREDS) Research Group. The Effect of Cataract Surgery on the Development of Neovascular Age-Related Macular Degeneration (AMD). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

SanGiovanni JP, Chew EY, Agron E, Clemons TE, Seddon JM, Ferris FL, Age-Related Eye Disease Study (AREDS) Research Group. Dietary Lipid Intake and Vision Loss in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Chiu CJ, Milton RC, Gensler G, Taylor A. (Tufts). Dietary Carbohydrate Intake and Glycemic Index in Relation to Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Chew EY, Clemons T, Lindblad A, Ferris FL III, Klein R, Age-Related Eye Disease Study (AREDS) Research Group. The Progression of Age-Related Macular Degeneration in African-Americans Enrolled in the Age-Related Eye Disease Study (AREDS), Using the AREDS Simple

Scale. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Huang LL, Agron E, SanGiovanni JP, Clemons TE, Ferris F III, Sperduto R, Chew EY, Age-Related Eye Disease Study (AREDS) Research Group. Is Cataract Associated With Cognitive Function? A Case-Control Study in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Jain N, SanGiovanni JP, Chew EY, Agron E, Reed GF, Sperduto RD, Clemons TE, Seddon JM, Ferris FL, Age-Related Eye Disease Study (AREDS) Research Group. Dietary Carotenoids and Cataract in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Lee LB, SanGiovanni JP, Chew EY, Agron E, Reed GF, Sperduto RD, Clemons TE, Seddon JM, Age-Related Eye Disease Study (AREDS) Research Group. Dietary Lipids and Cataract in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Taylor A., Chiu CJ (Tufts), Milton RC, Gensler G. Dietary Carbohydrate Intake and Glycemic Index in Relation to Cortical and Nuclear Lens Opacities in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Clemons TE, Sperduto RD, Age-Related Eye Disease Study (AREDS) Research Group. Cataract Risk Factors in a Subgroup of Patients Age 80 and Older From the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

Lindblad AS, Sperduto RD, Clemons TE, Ferris FL, Klein BEK, Age-Related Eye Disease Study (AREDS) Research Group. Cataract Phenotyping Using Serial Examinations in the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2006.

2007

Chew EY, Clemons T, Milton R, Davis, MD, Ferris FL III, Age-Related Eye Disease Study (AREDS) Research Group. Visual Acuity Loss Associated With Advanced AMD Fundus Lesions and With the Simplified AREDS AMD Severity Scale. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Sen H, Chew EY, Agron E, Reed GF, SanGiovanni J, Ferris FL III. Systemic Nsaids and Age-Related Macular Degeneration: The Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Clemons TC, Ferris FL, Chew EY, Davis MD, Age-Related Eye Disease Study (AREDS) Research Group. The Age-Related Eye Disease Study (AREDS) Simple Scale: The Relation of the AREDS Simple Scale for AMD to Long-Term Progression to Advanced AMD and Reduced

Vision. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Chew EY. AREDS2 with Lutein/Zeaxanthin and Omega-3 Fatty Acids: Update. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Chiu CJ, Milton RC, Klein R, Gensler G, Taylor (Tufts). Dietary Glycemic Index is Related to Progression of Age-Related Macular Degeneration. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Milton RC, Ferris FL III, Gensler GR, Ho M, Davis MD, Clemons TE, Chew EY, Age-Related Eye Disease Study (AREDS) Research Group. The Effect of Cataract Surgery on the Development of Geographic Atrophy. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

SanGiovanni JP, Chew EY, Clemons TE, Henning AK, Hoh J, Elashoff M. Single Marker Associations of Nuclear-Encoded Mitochondrial Genes with Advanced AMD. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Vora A, SanGiovanni JP, Chew EY, Ajudua SN, Reed GF, Agron E, Henning AK, Clemons TE, Hoh J, Elashoff M. Single Marker Associations of Cell Cycle Pathway Genes with Advanced AMD. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Ajudua SN, Elashoff M, Chew EY, Vora A, Reed GF, Agron E, Henning AK, Clemons TE, Hoh J, SanGiovanni JP. Single Marker Associations of NFkB Pathway Genes with Advanced AMD. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

Lindblad AS, Lloyd P, Gensler G, Clemons T, Ferris FL III, Age-Related Eye Disease Study (AREDS) Research Group. Progression of Geographic Atrophy as Measured by Digital Area; Results From the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2007.

McBee WL, Stein J, Chew EY, Clemons TE. An approach to development and dissemination of patient recruitment materials for a large multicenter clinical trial. Poster presented at the *28th Annual Meeting of the Society for Clinical Trials*, Montreal, Canada, May 2007.

2008

SanGiovanni JP, Arking DE, Chew EY, Iyengar SK, Henning AK, Clemons TE, Hoh J, Elashoff M, Klein ML, Chakravarti A. A mitochondrial DNA haplogroup is associated with increased risk of advanced age-related macular degeneration. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, April 2008.

Clemons TE, Chew EY, Milton RC, AREDS Research Group. Association of mortality with AMD, cataract and high-dose antioxidants and zinc after long-term follow-up in the Age-Related Eye Disease Study. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, April 2008.

Iyengar SK, Wang Y, Igo RP, SanGiovanni JP, Henning AK, Clemons TE, Chew EY. Comparison of multiple predictive models for AMD susceptibility. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, April 2008.

Kopplin LJ, Wang Y, Ajudua S, Igo Jr, RP, Chew EY, Clemons TE, Henning AK, Francis, PJ, Klein ML, Iyengar SK. C3 variant is associated with neovascular AMD and geographic atrophy in age-related macular degeneration. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, April 2008.

Cukras CA, Agron E, SanGiovanni JP, Clemons T, Ferris III FL, Chew EY. The use of statins and the development of AMD in AREDS. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, April 2008.

Chew EY, Cohen G, Clemons T, Milton R, Age-Related Eye Disease Group. Ten-year estimated progression rates to neovascular AMD and central geographic atrophy from the Age-Related Eye Disease Study (AREDS). *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2008.

2009

Chew EY, Domalpally A, Clemons T, Danis R, SanGiovanni J, Gangaputra S, The Age-Related Eye Disease Study (AREDS). Effect of AREDS Supplements of High-Dose Antioxidant and Zinc, and Age-Related Macular Degeneration on Diabetic Retinopathy. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2009.

SanGiovanni JP, Clemons TE, Agron E, Vora A, Chew EY. Advanced AMD and Variants in Elements of Omega-3 Lipid-Associated Signaling Pathways. *Annual Meeting, Association for Research in Vision and Ophthalmology (ARVO)*, Fort Lauderdale, FL, May 2009.
